

Honor, Integrity, Leadership

Please Vote

Phillip

OBIE II

Berkeley County School Board District 3

-Improve Graduation Rate in Berkeley County

Phillip will work to provide all students an opportunity to graduate. Upon graduation students should have the skills to continue on to higher education or enter the workforce.

-Fiscal Responsibility for All

Phillip will work to ensure that tax dollars are used in the classrooms and stop the out of control tax and spend philosophy. Voters should have input on new facilities.

-Career Development

Phillip will work to place more emphasis in training our young people in the Technical Fields and preparing them for the workforce. A strong school to work program will attract more businesses like Google to the Berkeley County area and our students will be ready to fill those jobs.

Phillip grew up in Goose Creek and is a life long resident of Berkeley County. He attended all schools in the district 3 area, graduated from Goose Creek High in the top of his class, and entered The Citadel, where he excelled in Computer Science and graduated with Departmental honors all while being a student athlete. For the past 4 years he has worked at Santee Cooper, while completing his MBA at The Citadel and being involved in the community through many different organizations including the Boy Scouts of America. Phillip's work experiences include: budgeting, forecasting/planning, project management, training and human resources development, and marketing.

Phillip will not only bring the great leadership skills he learned through Boy Scouts but also the core values learned at The Citadel: Honor, Integrity, and Leadership. He will add a new dynamic to the School Board. It's time for the next generation to contribute and lead in the 21 century. Phillip will lead the School District with Honor, Integrity, and Leadership.

Please Vote for Phillip Obie II for School Board District 3 on November 4th.
